The Annual Fund

2020 - 2021

This past year, Annual Fund donations helped us face the many challenges brought on by the Covid-19 pandemic. Thanks to your generosity, the American Section was able to provide the same top-quality education to its students throughout the confinement--without missing a beat. Technology upgrades and additional software licenses, as well as assistance to members of our community financially hard-hit due to the pandemic, are all covered by the Annual Fund.

Tuition covers essential operation expenses--such as salaries and textbooks. Donations allow us to go above and beyond and fund much more than emergencies--they give life to our Strategic Plan initiatives, financial aid, classroom technology, library resources, as well as co-curricular programs.

Donations of any amount are welcome. Added together, they can have an enormous impact on a student's American Section education.
